The Board of Education believes that the legislation of and adoption of policies is the most important function of a school Board, and that the execution of the policies should be the function of the Superintendent.

Delegation by the Board of its executive powers to the Superintendent provides freedom for the Superintendent to manage the schools within the Board's policies, and frees the Board to devote its time to policymaking and appraisal functions.

The Board holds the Superintendent responsible for carrying out its policies within established guidelines and for keeping the Board informed about school operations. The Superintendent shall be the liaison between the Board and staff.

The Superintendent is in charge of the schools and shall report all significant developments and actions to the Board at the first opportunity. The Superintendent will notify Board members as promptly as possible of any happenings of an emergency nature which occur in schools.

The Board shall strive to procure, when a vacancy exists, the best professional leader available for the head administrative post.
