

**TERRELL COUNTY BOARD POLICY  
Comprehensive Health & PE Program**

**Descriptive Code: IDB**  
**Date: 2/13/2012**  
**Rescinds Code: IDB**  
**Date Issued: 12/13/1993**

The Terrell County Board of Education recognizes the value of comprehensive learning experiences in health and physical education for all students. Health and physical education instruction shall be provided at all levels of schooling either as discreet, prescribed courses of study or as areas of study interwoven with related science and personal fitness curricula.

The Board further believes that a comprehensive health and physical education program includes appropriate administration for carrying out the program, adequate school health services, a healthful school environment, comprehensive health instruction by teacher certified in health education and comprehensive physical education by instructors certified in health and physical education.

Each school containing any grade K-12 shall provide alcohol, tobacco and other drug use prevention education on an annual basis at each grade level.
