

**TERRELL COUNTY BOARD POLICY  
Remedial Instruction**

**Descriptive Code: IDDB  
Date: 2/13/2012  
Rescinds Code: IDD;IDD-1;  
IDD-1; IDDA; IDDA-1  
Date Issued: 9/1971; 12/14/1987  
9/1/1971; 3/1986; 3/1986**

The Terrell County Schools shall offer those courses for remedial instruction as dictated by student needs with particular emphasis in reading and mathematics. Program components shall include, although not be limited to: Title I, EIP, State Remedial Education Program, and local remedial reading and math courses.

When federal or state funds are used, the program will comply with all student selection, record keeping, and funding requirements. The purpose of a remedial education program is to provide supplemental instruction to identified students who are functioning below their expected level of achievement because of inadequate skills development, lack of maturity, disadvantaged home environment, lack of motivation or insufficient previous educational opportunities.

The goals and objectives for remedial education are the same as for the regular education program.
