

**TERRELL COUNTY BOARD POLICY**  
**Parent Organizations**

**Descriptive Code:       LEB**  
**Date:                     2/13/2012**  
**Rescinds Code:         LEB**  
**Date Issued:            9/1/1971**

The Board recognizes the constructive role which the parent/booster groups can play in the school system. The effective leadership provided by these organizations is valuable to the improvement of educational programs and community support of the schools.

Before official recognition can take place, parent organizational plans and rules of operation must be approved by the Board. Such groups may then form their own committees, plan their own programs and study projects in line with Board policies.

Any fund raising activities of school sponsored parent groups and their gifts to school shall be subject to Board policies and approval.
